HCCF continues to work steadily and enthusiastically to accumulate funds towards the enormous cost of repairing our roof so that our church can be transformed into a place fit for modern community life. What have we been up to lately?

The Tito Monument

The poignant memorial to poor Tito Harvey, who died at boarding school aged just 10, has deteriorated badly over the years. The damage is currently being electronically monitored so that options for remedial action can be considered.

The Tower Floor

Our tower is very damp and the constant ingress of water had seriously damaged the floor. Repairs have been made in woodblocks by a local craftsman, enhancing the appearance and the safety of the tower for any aspiring bellringers.

And look out for the Saltire

November 30th is St Andrew's Day and we will host a joint service of all the churches in the Totnes benefice at 10:30. The magnificent St Andrew's flag will be on display and will remain throughout the Christmas celebrations.
